

The Ultimate Force In Door Hardware

An exciting suite of handles with the style, quality and performance you would expect from the company who first pioneered suited handles nearly twenty years ago.

Demand for matching handles in all domestic applications - conservatories - is growing and the Bombardier range offers one single, aesthetically pleasing design linking door handles this is enhanced by colours that not only match across the range, but existing hardware too.

Door handles naturally come in lever/lever and lever/pad formats and are made to the highest international standards, with the stylish grip following the same appealing lines of the Bombardier window handles

- **consistent design style across all handles**
