

- Side Hung Friction Stay only.
- Initial opening to Egress only Side Hung Friction Stay.
- Easy Clean achieved by fully opening the window and applying pressure to the sash allowing access for the external cleaning of the glass.
- Simply closing the window resets it to the Egress position when next opened.
- Fully opening to 85° providing clear egress in excess of 500mm on a 600mm wide vent.
- Available in Ferretic steel (normal application) and Austenitic steel (coastal/high humidity areas).
- When applied to a 1200mm x 600mm (Rebate Size) casement window, the Egredior EEC friction stay allows a full clear opening in excess of 500mm x 850mm high.
- When fitting please observe BS8213 Part 1: 1991 Code of practise for safety in use and during cleaning of windows.

Recommended Maximum Window Weights & Sizes

Products	Size(Ins)	Size(mm)	Window Width(mm)	Window Height(mm)	Weight(kg)	Stack Height(mm)	Openng Angle(°)
EGRESS 12"	12.9	328	600	1200	18	13 & 17	85°
EGRESS 16"	17.1	433	650	1300	20	13 & 17	85°

It is the responsibility of the window manufacturer to ensure that the finished window meets any required safety and performance specifications.
